

The GAO indicates that it would cost around \$20 million or less to install the private sector technology in Medicare. And they have clearly demonstrated that such an investment would save Medicare taxpayers and beneficiaries over \$3.9 billion in 5 years. So, for every dollar we invest, taxpayers will get a \$200 return. I call that a bargain. I want to reiterate: for every day we fail to invest, taxpayers will lose about \$2 million. And more will be lost by individual Medicare patients, sometimes thousands of dollars by a single individual. I call that a scandal.

The Billing Abuse Prevention Act will do three things.

First, it will provide a definite time when commercially available computer systems shall be in actual use to catch billing code abuses by all of the 32 Medicare contractors who examine Medicare billings so errors and abusive billing practices can be caught. HCFA has been given 90 days from the date of enactment to set out the exact requirements under which the 32 Medicare contractors shall have a computer checking system in place. And, it requires that the contractors actually have the system in use within 180 days after enactment.

It is my hope and expectation that this can be done more quickly than that. HCFA should now begin the process to develop the criteria without waiting for the legislation to pass. With the full cooperation of the agency, I am hopeful that the HCFA implementing requirements could be ready by the time the President signs the bill. That will allow the contractors to move more quickly as well.

Many of the 32 contractors are already using the commercially available systems to review private insurance claims. But, some modifications of the systems will be needed to modify the program to match HCFA billing practices. And, the contractors will want to review all of the systems that are available that meet HCFA's criteria and go through the appropriate procurement practices.

Second, the legislation provides that the Secretary of Health and Human Services may keep information about the system confidential. If that is not done, detailed information about the system could be used, to some degree, to get around the system's safeguards. The legislation also provides that the proprietary information about the systems are not to be released. If it became available, the companies that created it might lose a significant part of their investment since other companies could acquire the technical details of the systems. The Secretary is expected to release appropriate information about the system which is in the public interest.

It is important to use commercially available systems because we already know they work and we can put them into place relatively quickly with minor modifications. We save time which results in real savings and we

avoid what might be a large development cost if HCFA tried to create their own system. Another advantage of commercial systems is that they will be continually improved as the private development companies work to further improve their systems to acquire a larger share of the private marketplace.

Third, the Secretary shall order a review of all of the existing regulations and guidelines governing Medicare payment policies and billing code abuse to see what modifications might be appropriate to maximize the benefits of the computer checking systems and avoiding improper payments.

I urge that this legislation be rapidly considered and passed.●

SEC. 103. LIABILITY RULES APPLICABLE TO PRODUCT SELLERS.

(a) **GENERAL RULE.**—

(1) **IN GENERAL.**—In any product liability action that is subject to this title filed by a claimant for harm caused by a product, a product seller other than a manufacturer shall be liable to a claimant, only if the claimant establishes—

(A) that—

(i) the product that allegedly caused the harm that is the subject of the complaint was sold, rented, or leased by the product seller;

(ii) the product seller failed to exercise reasonable care with respect to the product; and

(iii) the failure to exercise reasonable care was a proximate cause of harm to the claimant; or

(B) that—

(i) the product seller made an express warranty applicable to the product that allegedly caused the harm that is the subject of the complaint, independent of any express warranty made by a manufacturer as to the same product;

(ii) the product failed to conform to the warranty; and

(iii) the failure of the product to conform to the warranty caused harm to the claimant; or

(C) that—

(i) the product seller engaged in intentional wrongdoing, as determined under applicable State law; and

(ii) such intentional wrongdoing was a proximate cause of the harm that is the subject of the complaint.

(2) **REASONABLE OPPORTUNITY FOR INSPECTION.**—For purposes of paragraph (1)(A)(ii), a product seller shall not be considered to have failed to exercise reasonable care with respect to a product based upon an alleged failure to inspect a product if the product seller had no reasonable opportunity to inspect the product that allegedly caused harm to the claimant.

(b) **SPECIAL RULE.**—A product seller shall be deemed to be liable as a manufacturer of a product for harm caused by the product if—

(1) the manufacturer is not subject to service of process under the laws of any State in which the action may be brought; or

(2) the court determines that the claimant would be unable to enforce a judgment against the manufacturer.

For purposes of this subsection only, the statute of limitations applicable to claims asserting liability of a product seller as a manufacturer shall be tolled from the date of the filing of a complaint against the manufacturer to the date that judgment is entered against the manufacturer.

(c) RENTED OR LEASED PRODUCTS.—

(1) Notwithstanding any other provision of law, any person engaged in the business of renting or leasing a product (other than a person excluded from the definition of product seller under section 101 (14)(B)) shall be subject to liability in a product liability action under subsection (a), but any person engaged in the business of renting or leasing a product shall not be liable to a claimant for the tortious act of another solely by reason of ownership of such product.

(2) For purposes of paragraph (1), and for determining the applicability of this title to any person subject to paragraph (1), the term "product liability action" means a civil action brought on any theory for harm caused by a product or product use.

SEC. 104. DEFENSES INVOLVING INTOXICATING ALCOHOL OR DRUGS.

(a) **GENERAL RULE.**—Notwithstanding any other provision of law, a defendant in a product liability action that is subject to this title shall have a complete defense in the action if the defendant proves that—

(1) **IN GENERAL.**—Except as provided in subsection (c), in a product liability action that is subject to this title, the damages for which a defendant is otherwise liable under applicable State law shall be reduced by the percentage of responsibility for the harm to the claimant attributable to misuse or alteration of a product by any person if the defendant establishes that such percentage of the harm was proximately caused by a use or alteration of a product—

(A) in violation of, or contrary to, the express warnings or instructions of the defendant if the warnings or instructions are determined to be adequate pursuant to applicable State law; or

(B) involving a risk of harm which was known or should have been known by the ordinary person who uses or consumes the product with the knowledge common to the class of persons who used or would be reasonably anticipated to use the product.

(2) **USE INTENDED BY A MANUFACTURER IS NOT MISUSE OR ALTERATION.**—For the purposes of this title, a use of a product that is intended by the manufacturer of the product does not constitute a misuse or alteration of the product.

(b) **STATE LAW.**—Notwithstanding section 3(b), subsection (a) of this section shall supersede State law concerning misuse or alteration of a product only to the extent that State law is inconsistent with such subsection.

(c) **WORKPLACE INJURY.**—Notwithstanding subsection (a), the amount of damages for which a defendant is otherwise liable under State law shall not be reduced by the application of this section with respect to the conduct of any employer or coemployee of the plaintiff who is, under applicable State law concerning workplace injuries, immune from being subject to an action by the claimant.

SEC. 106. UNIFORM STANDARDS FOR AWARD OF PUNITIVE DAMAGES.

(a) **GENERAL RULE.**—Punitive damages may, to the extent permitted by applicable State law, be awarded against a defendant in a product liability action that is subject to this title if the claimant establishes by clear and convincing evidence that the harm that is the subject of the action was the result of conduct that was carried out by the defendant with a conscious, flagrant indifference to the safety of others.

(b) LIMITATION ON AMOUNT.—

(1) **IN GENERAL.**—The amount of punitive damages that may be awarded to a claimant in a product liability action that is subject to this title shall not exceed 2 times the sum of—

whichever amount is lesser.

(3) **APPLICATION BY COURT.**—This subsection shall be applied by the court and the application of this subsection shall not be disclosed to the jury.

(c) BIFURCATION AT REQUEST OF EITHER PARTY.—

(1) **IN GENERAL.**—At the request of any party, the trier of fact in a product liability action that is subject to this title shall consider in a separate proceeding whether punitive damages are to be awarded for the harm that is the subject of the action and the amount of the award.

(2) **INADMISSIBILITY OF EVIDENCE RELATIVE ONLY TO A CLAIM OF PUNITIVE DAMAGES IN A PROCEEDING CONCERNING COMPENSATORY DAMAGES.**—If any party requests a separate proceeding under paragraph (1), in any proceeding to determine whether the claimant may be awarded compensatory damages, any evidence that is relevant only to the claim of punitive damages, as determined by applicable State law, shall be inadmissible.

SEC. 107. UNIFORM THE LIMITATIONS ON LIABILITY.**(a) STATUTE OF LIMITATIONS.—**

(1) **IN GENERAL.**—Except as provided in paragraph (2) and subsection (b), a product liability action that is subject to this title may be filed not later than 2 years after the date on which the claimant discovered or, in the exercise of reasonable care, should have discovered, the harm that is the subject of the action and the cause of the harm.

(2) EXCEPTIONS.—

(A) **PERSON WITH A LEGAL DISABILITY.**—A person with a legal disability (as determined under applicable law) may file a product liability action that is subject to this title not later than 2 years after the date on which the person ceases to have the legal disability.

(B) **EFFECT OF STAY OR INJUNCTION.**—If the commencement of a civil action that is subject to this title is stayed or enjoined, the running of the statute of limitations under this section shall be suspended until the end of the period that the stay or injunction is in effect.

(b) STATUTE OF REPOSE.—

(1) **IN GENERAL.**—Subject to paragraphs (2) and (3), no product liability action that is subject to this title concerning a product that is a durable good alleged to have caused harm (other than toxic harm) may be filed after the 20-year period beginning at the time of delivery of the product.

(2) **STATE LAW.**—Notwithstanding paragraph (1), if pursuant to an applicable State law, an action described in such paragraph is required to be filed during a period that is shorter than the 20-year period specified in such paragraph, the State law shall apply with respect to such period.

(3) EXCEPTIONS.—

(A) A motor vehicle, vessel, aircraft, or train that is used primarily to transport passengers for hire shall not be subject to this subsection.

(B) Paragraph (1) does not bar a product liability action against a defendant who made an express warranty in writing as to the safety of the specific product involved which was longer than 20 years, but it will apply at the expiration of that warranty.

(C) Paragraph (1) does not affect the limitations period established by the General Aviation Revitalization Act of 1994 (49 U.S.C. 40101 note).

(c) **TRANSITIONAL PROVISION RELATING TO EXTENSION OF PERIOD FOR BRINGING CERTAIN ACTIONS.**—If any provision of subsection (a) or (b) shortens the period during which a product liability action that could be otherwise brought pursuant to another provision of law, the claimant may, notwithstanding subsections (a) and (b), bring the product liability action pursuant to this title not later than 1 year after the date of enactment of this Act.

(b) AMOUNT OF LIABILITY.—

(1) **IN GENERAL.**—Each defendant shall be liable only for the amount of noneconomic loss allocated to the defendant in direct proportion to the percentage of responsibility of the defendant (determined in accordance with paragraph (2)) for the harm to the claimant with respect to which the defendant is liable. The court shall render a separate judgment against each defendant in an amount determined pursuant to the preceding sentence.

(2) **PERCENTAGE OF RESPONSIBILITY.**—For purposes of determining the amount of noneconomic loss allocated to a defendant under this section, the trier of fact shall determine the percentage of responsibility of each person responsible for the claimant's harm, whether or not such person is a party to the action.

(2) **SETTLEMENTS AND OTHER LEGAL PROCEEDINGS.**—

(A) **IN GENERAL.**—In any proceeding relating to harm or settlement with the manufacturer or product seller by a claimant who files a product liability action that is subject to this title, an insurer may participate to assert a right of subrogation for claimant's benefits with respect to any payment made by the manufacturer or product seller by reason of such harm, without regard to whether the payment is made—

- (i) as part of a settlement;
- (ii) in satisfaction of judgment;
- (iii) as consideration for a covenant not to sue; or
- (iv) in another manner.

(B) **WRITTEN NOTIFICATION.**—Except as provided in subparagraph (C), an employee shall not make any settlement with or accept any payment from the manufacturer or product seller without written notification to the employer.

(3) **HARM RESULTING FROM ACTION OF EMPLOYER OR COEMPLOYEE.**—

(A) **IN GENERAL.**—If, with respect to a product liability action that is subject to this title, the manufacturer or product seller attempts to persuade the trier of fact that the harm to the claimant was caused by the fault of the employer of the claimant or any coemployee of the claimant, the issue of that fault shall be submitted to the trier of fact, but only after the manufacturer or product seller has provided timely written notice to the employer.

(b) **RIGHTS OF EMPLOYER.**—

(i) **IN GENERAL.**—Notwithstanding any other provision of law, with respect to an issue of fault submitted to a trier of fact pursuant to subparagraph (A), an employer shall, in the same manner as any party in the action (even if the employer is not a named party in the action), have the right to—

- (I) appear;
- (II) be represented;
- (III) introduce evidence;
- (IV) cross-examine adverse witnesses; and
- (V) present arguments to the trier of fact.

(ii) **LAST ISSUE.**—The issue of harm resulting from an action of an employer or coemployee shall be the last issue that is presented to the trier of fact.

(C) **REDUCTION OF DAMAGES.**—If the trier of fact finds by clear and convincing evidence that the harm to the claimant that is the subject of the product liability action was caused by the fault of the employer or a coemployee of the claimant—

(i) the court shall reduce by the amount of the claimant's benefits—

(I) the damages awarded against the manufacturer or product seller; and

(II) any corresponding insurer's subrogation lien; and

(ii) the manufacturer or product seller shall have no further right by way of contribution or otherwise against the employer.

(D) **CERTAIN RIGHTS OF SUBROGATION NOT AFFECTED.**—Notwithstanding a finding by the trier of fact described in subparagraph (C),

the insurer shall not lose any right of subrogation related to any—

(i) intentional tort committed against the claimant by a coemployee; or

(ii) act committed by a coemployee outside the scope of normal work practices.

(b) **ATTORNEY'S FEES.**—If, in a product liability action that is subject to this section, the court finds that harm to a claimant was not caused by the fault of the employer or a coemployee of the claimant, the manufacturer or product seller shall reimburse the insurer for reasonable attorney's fees and court costs incurred by the insurer in the action, as determined by the court.

SEC. 110. FEDERAL CAUSE OF ACTION PRECLUDED.

TITLE II—BIOMATERIALS ACCESS ASSURANCE

SEC. 201. SHORT TITLE.

This title may be cited as the "Biomaterials Access Assurance Act of 1995".

SEC. 202. FINDINGS.

Congress finds that—

(1) each year millions of citizens of the United States depend on the availability of lifesaving or life enhancing medical devices, many of which are permanently implantable within the human body;

(2) a continued supply of raw materials and component parts is necessary for the invention, development, improvement, and maintenance of the supply of the devices;

(3) most of the medical devices are made with raw materials and component parts that—

(A) are not designed or manufactured specifically for use in medical devices; and

(B) come in contact with internal human tissue;

(4) the raw materials and component parts also are used in a variety of nonmedical products;

(5) because small quantities of the raw materials and component parts are used for medical devices, sales of raw materials and component parts for medical devices constitute an extremely small portion of the overall market for the raw materials and medical devices;

(6) under the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 301 et seq.), manufacturers of medical devices are required to demonstrate that the medical devices are safe and effective, including demonstrating that the products are properly designed and have adequate warnings or instructions;

(7) notwithstanding the fact that raw materials and component parts suppliers do not design, produce, or test a final medical device, the suppliers have been the subject of actions alleging inadequate—

(A) design and testing of medical devices manufactured with materials or parts supplied by the suppliers; or

(B) warnings related to the use of such medical devices;

(8) even though suppliers of raw materials and component parts have very rarely been held liable in such actions, such suppliers have ceased supplying certain raw materials and component parts for use in medical devices because the costs associated with litigation in order to ensure a favorable judgment for the suppliers far exceeds the total potential sales revenues from sales by such suppliers to the medical device industry;

(9) unless alternate sources of supply can be found, the unavailability of raw materials and component parts for medical devices will lead to unavailability of lifesaving and life-enhancing medical devices;

(10) because other suppliers of the raw materials and component parts in foreign nations are refusing to sell raw materials or component parts for use in manufacturing certain medical devices in the United States, the prospects for development of new sources of supply for the full range of threatened raw materials and component parts for medical devices are remote;

(11) it is unlikely that the small market for such raw materials and component parts in the United States could support the large investment needed to develop new suppliers of such raw materials and component parts;

(12) attempts to develop such new suppliers would raise the cost of medical devices;

(13) courts that have considered the duties of the suppliers of the raw materials and component parts have generally found that the suppliers do not have a duty—

(A) to evaluate the safety and efficacy of the use of a raw material or component part in a medical device; and

(B) to warn consumers concerning the safety and effectiveness of a medical device;

(14) attempts to impose the duties referred to in subparagraphs (A) and (B) of paragraph (13) on suppliers of the raw materials and component parts would cause more harm than good by driving the suppliers to cease supplying manufacturers of medical devices; and

(15) in order to safeguard the availability of a wide variety of lifesaving and life-enhancing medical devices, immediate action is needed—

(A) to clarify the permissible bases of liability for suppliers of raw materials and component parts for medical devices; and

(B) to provide expeditious procedures to dispose of unwarranted suits against the suppliers in such manner as to minimize litigation costs.

(b) LIABILITY AS MANUFACTURER.—

(1) IN GENERAL.—A biomaterials supplier may, to the extent required and permitted by any other applicable law, be liable for harm to a claimant caused by an implant if the biomaterials supplier is the manufacturer of the implant.

(2) GROUNDS FOR LIABILITY.—The biomaterials supplier may be considered the manufacturer of the implant that allegedly caused harm to a claimant only if the biomaterial supplier—

(A)(i) has registered with the Secretary pursuant to section 510 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 360) and the regulations issued under such section; and

(ii) included the implant on a list of devices filed with the Secretary pursuant to section 510(j) of such Act (21 U.S.C. 360(j)) and the regulations issued under such section;

(3) ADMINISTRATIVE PROCEDURES.—

(A) IN GENERAL.—The Secretary may issue a declaration described in paragraph (2)(B) on the motion of the Secretary or on petition by any person, after providing—

(i) notice to the affected persons; and

(C) APPLICABILITY OF STATUTE OF LIMITATIONS.—Any applicable statute of limitations shall toll during the period during which a claimant has filed a petition with the Secretary under this paragraph.

(c) LIABILITY AS SELLER.—A biomaterials supplier may, to the extent required and permitted by any other applicable law, be liable as a seller for harm to a claimant caused by an implant if—

(i) the manufacture of the implant; and

(ii) the entrance of the implant in the stream of commerce; and

(B) subsequently resold the implant; or

(2) the biomaterials supplier is related by common ownership or control to a person meeting all the requirements described in paragraph (1), if a court deciding a motion to dismiss in accordance with section 206(c)(3)(B)(i) finds, on the basis of affidavits submitted in accordance with section 206, that it is necessary to impose liability on the biomaterials supplier as a seller because the related manufacturer meeting the requirements of paragraph (1) lacks sufficient financial resources to satisfy any judgment that the court feels it is likely to enter should the claimant prevail.

(d) LIABILITY FOR VIOLATING CONTRACTUAL REQUIREMENTS OR SPECIFICATIONS.—A biomaterials supplier may, to the extent required and permitted by any other applicable law, be liable for harm to a claimant caused by an implant, if the claimant in an action shows, by a preponderance of the evidence, that—

(1) the raw materials or component parts delivered by the biomaterials supplier either—

(A) did not constitute the product described in the contract between the biomaterials supplier and the person who contracted for delivery of the product; or

(B) failed to meet any specifications that were—

(i) provided to the biomaterials supplier and not expressly repudiated by the biomaterials supplier prior to acceptance of delivery of the raw materials or component parts;

(ii)(I) published by the biomaterials supplier;

(II) provided to the manufacturer by the biomaterials supplier; or

(III) contained in a master file that was submitted by the biomaterials supplier to the Secretary and that is currently maintained by the biomaterials supplier for purposes of premarket approval of medical devices; or

(2) such conduct was an actual and proximate cause of the harm to the claimant.

SEC. 206. PROCEDURES FOR DISMISSAL OF CIVIL ACTIONS AGAINST BIOMATERIALS SUPPLIERS.

(a) MOTION TO DISMISS.—In any action that is subject to this title, a biomaterials supplier who is a defendant in such action may, at any time during which a motion to dismiss may be filed under an applicable law, move to dismiss the action on the grounds that—

(1) the defendant is a biomaterials supplier; and

(2)(A) the defendant should not, for the purposes of—

(i) section 205(b), be considered to be a manufacturer of the implant that is subject to such section; or

(ii) section 205(c), be considered to be a seller of the implant that allegedly caused harm to the claimant; or

(B)(i) the claimant has failed to establish, pursuant to section 205(d), that the supplier furnished raw materials or component parts in violation of contractual requirements or specifications; or

(ii) the claimant has failed to comply with the procedural requirements of subsection (b).

(b) MANUFACTURER OF IMPLANT SHALL BE NAMED A PARTY.—The claimant shall be required to name the manufacturer of the implant as a party to the action, unless—

(1) the manufacturer is subject to service of process solely in a jurisdiction in which the biomaterials supplier is not domiciled or subject to a service of process; or

(2) an action against the manufacturer is barred by applicable law.

(c) PROCEEDING ON MOTION TO DISMISS.—The following rules shall apply to any proceeding on a motion to dismiss filed under this section:

(1) AFFIDAVITS RELATING TO LISTING AND DECLARATIONS.—

(A) IN GENERAL.—The defendant in the action may submit an affidavit demonstrating that defendant has not included the implant on a list, if any, filed with the Secretary pursuant to section 510(j) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 360(j)).

(B) RESPONSE TO MOTION TO DISMISS.—In response to the motion to dismiss, the claimant may submit an affidavit demonstrating that—

(i) the Secretary has, with respect to the defendant and the implant that allegedly caused harm to the claimant, issued a declaration pursuant to section 205(b)(2)(B); or

(ii) the defendant who filed the motion to dismiss is a seller of the implant who is liable under section 205(c).

(2) EFFECT OF MOTION TO DISMISS ON DISCOVERY.—

(A) IN GENERAL.—If a defendant files a motion to dismiss under paragraph (1) or (2) of subsection (a), no discovery shall be permitted in connection to the action that is the subject of the motion, other than discovery necessary to determine a motion to dismiss for lack of jurisdiction, until such time as the court rules on the motion to dismiss in accordance with the affidavits submitted by the parties in accordance with this section.

(B) DISCOVERY.—If a defendant files a motion to dismiss under subsection (a)(2) on the grounds that the biomaterials supplier did not furnish raw materials or component parts in violation of contractual requirements or specifications, the court may permit discovery, as ordered by the court. The discovery conducted pursuant to this subparagraph shall be limited to issues that are directly relevant to—

(i) the pending motion to dismiss; or

(ii) the jurisdiction of the court.

(3) AFFIDAVITS RELATING STATUS OF DEFENDANT.—

(A) IN GENERAL.—Except as provided in clauses (i) and (ii) of subparagraph (B), the court shall consider a defendant to be a biomaterials supplier who is not subject to an action for harm to a claimant caused by an implant, other than an action relating to liability for a violation of contractual requirements or specifications described in subsection (d).

(B) RESPONSE TO MOTION TO DISMISS.—The court shall grant a motion to dismiss any action that asserts liability of the defendant under subsection (b) or (c) of section 205 on the grounds that the defendant is not a manufacturer subject to such section 205(b) or seller subject to section 205(c), unless the claimant submits a valid affidavit that demonstrates that—

(i) with respect to a motion to dismiss contending the defendant is not a manufacturer, the defendant meets the applicable requirements for liability as a manufacturer under section 205(b); or

(ii) with respect to a motion to dismiss contending that the defendant is not a seller, the defendant meets the applicable requirements for liability as a seller under section 205(c).

(4) Basis of ruling on motion to dismiss.—

(A) IN GENERAL.—The court shall rule on a motion to dismiss filed under subsection (a) solely on the basis of the pleadings of the parties made pursuant to this section and any affidavits submitted by the parties pursuant to this section.

(B) MOTION FOR SUMMARY JUDGMENT.—Notwithstanding any other provision of law, if

the court determines that the pleadings and affidavits made by parties pursuant to this section raise genuine issues as concerning material facts with respect to a motion concerning contractual requirements and specifications, the court may deem the motion to dismiss to be a motion for summary judgment made pursuant to subsection (d).

(d) SUMMARY JUDGMENT.—

(1) IN GENERAL.—

(A) BASIS FOR ENTRY OF JUDGMENT.—A biomaterials supplier shall be entitled to entry of judgment without trial if the court finds there is no genuine issue as concerning any material fact for each applicable element set forth in paragraphs (1) and (2) of section 205(d).

(B) ISSUES OF MATERIAL FACT.—With respect to a finding made under subparagraph (A), the court shall consider a genuine issue of material fact to exist only if the evidence submitted by claimant would be sufficient to allow a reasonable jury to reach a verdict for the claimant if the jury found the evidence to be credible.

(2) DISCOVERY MADE PRIOR TO A RULING ON A MOTION FOR SUMMARY JUDGMENT.—If, under applicable rules, the court permits discovery prior to a ruling on a motion for summary judgment made pursuant to this subsection, such discovery shall be limited solely to establishing whether a genuine issue of material fact exists.

(3) DISCOVERY WITH RESPECT TO A BIOMATERIALS SUPPLIER.—A biomaterials supplier shall be subject to discovery in connection with a motion seeking dismissal or summary judgment on the basis of the inapplicability of section 205(d) or the failure to establish the applicable elements of section 205(d) solely to the extent permitted by the applicable Federal or State rules for discovery against nonparties.

(e) STAY PENDING PETITION FOR DECLARATION.—If a claimant has filed a petition for a declaration pursuant to section 205(b) with respect to a defendant, and the Secretary has not issued a final decision on the petition, the court shall stay all proceedings with respect to that defendant until such time as the Secretary has issued a final decision on the petition.

(f) MANUFACTURER CONDUCT OF PROCEEDING.—The manufacturer of an implant that is the subject of an action covered under this title shall be permitted to file and conduct a proceeding on any motion for summary judgment or dismissal filed by a biomaterials supplier who is a defendant under this section if the manufacturer and any other defendant in such action enter into a valid and applicable contractual agreement under which the manufacturer agrees to bear the cost of such proceeding or to conduct such proceeding.

(g) ATTORNEY FEES.—The court shall require the claimant to compensate the biomaterials supplier (or a manufacturer appearing in lieu of a supplier pursuant to subsection (f)) for attorney fees and costs, if—

(1) the claimant named or joined the biomaterials supplier; and

(2) the court found the claim against the biomaterials supplier to be without merit and frivolous.

SEC. 207. APPLICABILITY.

This title shall apply to all civil actions covered under this title that are commenced on or after the date of enactment of this Act, including any such action with respect to which the harm asserted in the action or the conduct that caused the harm occurred before the date of enactment of this Act.
